

## NDAА/NCJА Grants Management Training for District Attorneys

May 14 and 15, 2019

1598 Adamson Parkway, Fourth Floor, Morrow, GA 30260

### What You Will Learn

The objective of this training is to enhance the knowledge and skills of District Attorneys and their administrators including:

1. Grant mechanics: how grants work and expectations attached.
2. Learn the basic stages and cyclical process for all grants management.
3. How to successfully pursue "win" and manage a federal grant even if you don't have a dedicated grant writer or manager
  - Where is the money?
  - Six steps of program design
  - 24 tips for writing a winning proposal.
4. What is title 2 of the Code of Federal Regulations and how to comply.
5. How to prevent fraud, waste and abuse of federal funds.
6. How to locate grant resources and tools you can use.

### Register Today!

Join the National District Attorney's Association (NDAA) (ACJC) and the National Criminal Justice Association (NCJA) for Grants Management Training for District Attorneys.

This two-day training covers all stages of grant management from pre-award through post award processes, principles and functions and will cover important components of program design, and grantee/grantor responsibilities.

The NDAA/NCJA will host two full-day trainings on May 14 and 15, 2019.

Training is \$495 per person. Register today!

### What Our Participants Have to Say

- "I have enjoyed this grants management training so much, thank you! I always feel like I am in the room with such educated and experienced folks and love learning from every- one that presents."  
- Grants Management Training Day, July 2018
- "As a new grant manager, this was awesome and very beneficial!"  
- Grant Writing 101, July 2018
- "I now understand why the grants I am responsible for are put together the way they are. I have a better understanding of what other divisions and people here are responsible for. Thank you for being in Indiana and working to help me do my job."  
- ICJIA Staff Training, October 2018
