## **NDAA Project Coordinator Earns Certified Meeting Professional (CMP) Credential**

ARLINGTON, VA – The National District Attorneys Association (NDAA) is pleased to share that Logan Kilduff, Project Coordinator, has earned the Certified Meeting Professional (CMP) designation. The CMP, conferred by the Events Industry Council (EIC), is recognized globally as the premier certification in the events industry.

To be designated as a Certified Meeting Professional, an applicant must have experience in the meeting industry, complete a minimum of 25 hours of educational activities, and pass a rigorous exam on the CMP International Standards (CMP-IS). To maintain the certification, individuals must remain employed in the events industry and supplement their professional development with specialized trainings. Logan joins more than 11,000 meeting professionals globally who currently hold the CMP credential.

Logan has worked in the area of meeting planning for seven years serving as an intern for the Event and Sales department at the Craddock Terry Hotel and Event Center, Event Coordinator and Sales Representative for Entertainment Cruises, and Meeting and Conference Coordinator at the Mid-Atlantic Permanente Medical Group. Logan joined NDAA in August 2020 and her focus is on CLE training programs, project management, and membership customer service.

We congratulate Logan on this hard-earned achievement. Her past experience, educational training through EIC and successful attainment of her CMP will provide insight and value into the success of NDAA's future trainings and events.
